SCC PRODUCTS (PTY) LTD — AN AUTHORISED DISTRIBUTOR FOR LUBRIGARD

SCC PRODUCTS (PTY) LTD

SUPPLIER OF INDUSTRIAL & ENGINEERING EQUIPMENT

LUBRIGARD PRODUCT RANGE

A WEARCHECK SERVICE

Contamination control for lubrication and fuel systems — breathers, adaptors, transfer, vessels and rental filtration.

BREATHERS

SPIN-ON BREATHER

Non-desiccant glass fibre media — stops airborne particles at the reservoir.

ADAPTORS

ADAPTOR KITS

Quick-connect couplings for top-ups, drum transfer and off-line filtration.

VALVES

SAMPLING VALVES

Repeatable live-zone oil sampling at any system pressure.

STORAGE

CONTAINER & COLOUR CODING

Sealed transfer containers and colour codes that stop mixed oils.

TRANSFER

DRUM TOPPER

Compact filter-and-pump unit: circulate in-drum or decant to component.

FUEL

CURBSIDE DIESEL FILTER

High dirt-holding media with a visual service indicator.

VESSELS

LOW PRESSURE VESSELS

Stainless steel bulk filtration for lubricants and fuels.

FILTERS

LOW PRESSURE FILTER

The workhorse element for kidney-loop and workshop rigs.

VESSELS

BYPASS SYSTEM

Delta-Xero cartridges to 0.1 micron — varnish, water and siloxane out.

RENTAL

KIDNEY LUBE SYSTEM

Cleans oil while equipment runs, or during planned downtime.

RENTAL

GIANT OFF-LINE UNIT

Bag, particulate and coalescing filtration for large flushing jobs.

ALSO SUPPLIED

FILTER ELEMENTS & SPARES
